

*This is a petition to urge Pasco County Commissioners to approve a Comprehensive Plan that protects the rural residential lifestyle, controls growth, and limits high-density development. -- December 20, 2005*

**We, the undersigned, support the portions of the Comprehensive Plan as presented to the BOCC on December 5, 2005, which establishes four rural protection areas, supports intelligent growth, and limits changing rural and low-density land use to high-density developments.**

I am a resident of Pasco County.
